

Measures to strengthen the local companies' liquidity that is applicable immediately

During the difficult time that we all are going through and that affects many entrepreneurs very hard, municipality of Eslöv has decided on several pandemic measures so as not to worsen the already difficult situation for the community entrepreneurs.

The Municipality of Eslöv has currently decided on the following measures. The list may change, depending on how situation of the covid-19 corona virus develops.

- We postpone the fees and extend times of payment for the annual fee for serving and alcohol permits, other permits and supervisory matters and offer reimbursement if a case is withdrawn.
- We extend deadlines in permit and supervision cases where it is applicable.
- We prioritize business licensing and supervision matters that are critical.
- We conduct a dialogue on ongoing permit and supervision matters. If the company wants to pause or cancel these matters?
- We postpone examination visits that are not critical.
- We postpone fees for environmental control and food control until the autumn.
- We grant / extend payment periods on rent in the municipality's premises.
- We are responsive to requests for reduced payment time from suppliers of goods and services to the municipality.
- We have a generous attitude to the supplier at cancelled conferences, lectures, trips, etc., for example by dividing of actual costs.
- We allow outdoor dining throughout the year and it is free of charge between 1st of March and 30th of June, a measure that will allow outdoor dining with less risk of spreading of deceases. (Please note that outdoor seating requires permission from the police).
- We give associations and other cultural and leisure organizations the right of free cancellation by short notice.
- We give shop owners the opportunity to move tables out on the streets for display. (Please note that this requires permission from the police).
- Under prevailing circumstances, MERAB can facilitate companies, organizations or associations seeking a delay of waste collection fees, by approving up to 90-day maturity without any interest or extra fees.
- We ensure clear, updated and accessible information to the entrepreneurs.

Our message to citizens: Support and promote the local business community.

These changes and efforts are valid until further notice, with the intention of being a support during the period when the coronavirus covid-19 is a pandemic.
